SUMMARY

I am a final-year B Tech student equipped with hands-on experience in Python, web development, and mobile app UI development using Kivy. With a passion for building real-world applications and a strong desire to learn full-stack development, I am eager to contribute to innovative software solutions while enhancing my skills as a developer

SKILLS

Python	Git	Visual Studio Code
GitHub	HTML	Twilio

EXPERIENCE

Python Intern

Web Void Technologies

 02/2024 - 03/2024   PILERU

Company focused on providing web solutions and software development

- Gained hands-on experience in Python programming, focusing on scripting, automation, and real-world applications
- Worked on mini-projects and exercises to strengthen foundational and intermediate Python skills

AI & ML Intern

Black Bugs

 11/2023 - 12/2023   VIRTUAL

Company specializing in Artificial Intelligence and Machine Learning applications

- Explored core concepts of Artificial Intelligence and Machine Learning including supervised learning, classification, and model evaluation
- Participated in model development and basic data prepossessing tasks as part of training modules and practice assignments

Web Development Intern

SkillDzire

 03/2025 - 05/2025   VIRTUAL

Company focused on skill development and technology training

- Trained in front-end technologies such as HTML, CSS, JavaScript, and back-end basics using tools like PHP or Python with Flask/Django
- Built and deployed sample websites, gaining practical knowledge in responsive web design and form handling

PROJECTS

Various Python Projects By using Generated AI

Projects demonstrating application of Python in various domains

- Developed a Monthly Expense Tracker using Python to record, categorize, and analyze personal expenses, improving financial awareness and budgeting
- Built a Student Attendance Tracker using Python to manage attendance records, implement login authentication, and automate SMS alerts for absentees, enhancing administrative efficiency
- Developing an Alcohol Delivery App using Python, Kivy for a modern UI, SQLite3 for product and order management, and Twilio API for order notifications; project currently in progress

EDUCATION

Bachelor of Technology

Mjra College Of Engineering and Technology

 07/2020 - 03/2022   Piler

Intermediate – MPC

Sree Chaitanya Junior College

 07/2020 – 03/2022   Piler

Board of Secondary Education

A P Model School

 01/2020 – 12/2020   Yarravaripallem
